

# FLEXIBLE PRICING

If you make under 50k a year, you are eligible for flexible pricing. Please refer to the chart below for different income brackets and discounts.

We gave the different ticket prices colors, so it will be easier to remember what income bracket you are in. Use the color of the income bracket as a coupon code at check out for a reduction in price. For example, if you are in a single member household and make 32k a year, you would use the code "GREEN" at check out for a discount.
